

REDUCED PROCESSING TIME FOR

PERMITS

BACKGROUND

Over **90%** of application are paper based submission with multiple procedures

Applications and processing of permits are based on sequential order

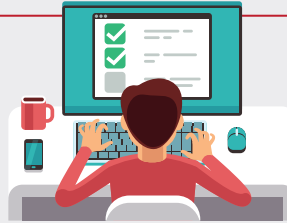

This results in a processing time of over **200** business days

SOLUTION

A **centralised** digital platform which **accelerates** the application and approval of permits, simplifying the way people work.

- Allows simultaneous processing by multiple agencies
- Allows tracking of applications status in real time

IMPROVEMENTS

- **Service delivery** of the permitting processes to the citizens.
- **Interaction** and increases the **outreach** to other agencies and ministries.
- **Ease of doing business ranking** and transforming the business landscape of Trinidad and Tobago.
